Business Meeting

Attendees:

Bro Mipes

Sis Denise

Sis Mary

Meeting Discussion

Microgreens:

Bro Mies has started growing the microgreens again; they seem to be doing ok, but the cilantro is still having problems. Bro Miles is increasing the amount of wheatgrass that he's growing. Orders has been coming in for the powder microgreens and the wheatgrass juice. Bro Miles is still marketing in the AZ. area.

The Land:

Bro Miles purchased 38 solar panels and the controller for the solar panels. The batteries for the system he's ordering for China. Bro Miles is going to the land to set up the tents and to test the solar system. Bro Miles is going to build a hydro electric system for to generate electricity as well as the solar. The solar generating system will operate during the day and the hydro-electric generators will run at night.
